Here is a copy of an email sent to the High Commissioner for Pakistan, London UK, by Bible Theology Ministries.

[FAO: His Excellency Mr. Wajid Shamsul Hasan, High Commissioner for Pakistan](#)

Dear Sir

I am writing to bring to your attention the case of Asia Bibi, a Christian woman from Sheikhpura, near Lahore, Pakistan who has been sentenced to death by hanging for allegedly defaming the Prophet Mohammed. [\(Telegraph, 9 November 2010\)](#)

“Asia Bibi, a 45-year-old mother-of-five, denies blasphemy and told investigators that she was being persecuted for her faith in a country where Christians face routine harassment and discrimination. Christian groups and human rights campaigners condemned the verdict and called for the blasphemy laws to be repealed. Her supporters say she will now appeal against the sentence handed down in a local court in the town of Sheikhpura, near Lahore, Pakistan.”

Muslims want to portray themselves as “peace loving”, yet across the world, including Pakistan, we see many instances of Christians and other non-Muslims being persecuted with violence and intolerance and terrorist attacks are done proudly in the name of Islam.

What kind of religion is it that forces people to believe?

I therefore request, your Excellency, to bring Mrs Asia Bibi’s case to the attention of your government with the recommendation that it be dropped and that she is released immediately.

Yours faithfully

Christians need to take note about giving money to Pakistan - God says we may NOT give help to those who hate Him!!

And who hates Christians more than Muslims? But many Christians ignore this warning, preferring instead their own emotional reactions.

Did you give money to the Pakistan floods? This money goes to the same authorities that are planning to hang this Christian woman and mother of 5. It makes me feel sick.
