

A call to purge Europe from the ideology of Islam

{jathumbnail off}

Matthew Doyle has created his own PR storm by tweeting that he asked a Muslim woman in the street to "explain Brussels". He has been lambasted on Twitter for his comments and then arrested by the Metropolitan Police and charged under section 19 of the Public Order Act 1986 for "publishing or distributing written material which is threatening, abusive or insulting, likely or intended to stir up racial hatred." ([Telegraph, 23 March 2016](#)) ([Guardian, 25 March 2016](#)).

Then later ([25 March 2016, 22:52](#)) the Metropolitan Police published a revised press release:

"Man no longer charged with Section 19 Public Order Act offence

What were the arresting police officers thinking? Or is it part of the "Prevent Strategy" to chill and instil fear in anyone who actually dares to challenge the prevailing politically correct policy that Islamic extremism has nothing to do with Islam?

Muslims, #ExplainBrussels, and #ExplainIslam

Christians have been called and commanded to give an answer of our faith in Jesus Christ and his teachings:

"15 But sanctify the Lord God in your hearts: and [be] ready always to [give] an answer to every man that asketh you a reason of the hope that is in you with meekness and fear:

16 Having a good conscience; that, whereas they speak evil of you, as of evildoers, they may be ashamed that falsely accuse your good conversation in Christ."
(1 Peter 3:15-16)

Why can't Muslims explain the hatred, idolatry and barbarism that is advocated in their religion via the Koran and hadiths (aka fascist ideology) ([Gatestone Institute, 24 March 2016](#)) ? [Saying repeatedly that Islam is a religion of peace](#), simply denies the reality of the behaviour of its followers across the world. It is reasonable to be asked why you support such behaviour.

How can a religion that has 'submission' as its main foundational doctrine, from its founder Mohammed to its teachings in the Koran and its traditions, the explicit teaching of hatred towards all infidels and the encouragement to execute acts of barbarism and terror against them to achieve total submission of all people across the globe be a 'peaceful' religion? ([The Religion of Peace](#))

#ExplainGlasgow

"A 32-year-old man has been arrested after a Glasgow shopkeeper was killed in what Police Scotland are treating as a "religiously prejudiced" attack.

Asad Shah, 40, was found seriously injured in Minard Road, Shawlands, at about 21:05 GMT on Thursday. He died in hospital.

The incident happened hours after he apparently posted social media messages wishing his customers a happy Easter.

Police said both Mr Shah and the arrested man were Muslims.

A post on Thursday from an account that appears to be Mr Shah's said: "Good Friday and very happy Easter, especially to my beloved Christian nation x!" ([BBC, 26 March 2016](#)) ([Telegraph, 26 March 2016](#))

The problem is Islam. Say it!

We in the UK are at a tipping point. Politicians in the UK and the Police need to recognise and name Islam as a fascist ideology that is completely incompatible with traditional Western values of democracy, the rule of law and following the Christian principle of living peaceably with your neighbour as far as it is possible and overcoming evil with good.

“17 Recompense to no man evil for evil. Provide things honest in the sight of all men.

18 If it be possible, as much as lieth in you, live peaceably with all men.

19 Dearly beloved, avenge not yourselves, but [rather] give place unto wrath: for it is written, Vengeance [is] mine; I will repay, saith the Lord.

20 Therefore if thine enemy hunger, feed him; if he thirst, give him drink: for in so doing thou shalt heap coals of fire on his head.

21 Be not overcome of evil, but overcome evil with good.” (Romans 12:17-21)

Islam the religion needs to be polarised as a black, idolatrous, evil, satanic and fascist ideology that encourages and promotes violence and oppression to achieve complete submission over all.

How does that fit with traditional (Christian, and not the recent homosexualised, Islamicised values) British values and democracy? This must all begin with Muslims honestly appraising their own beliefs and recognising what is wicked in their behaviour and teachings. Without this honesty, they will never convince us of their integrity.

The only way we can overcome this evil is to warn of the destructive force of Islam. There is nothing good in it, from its beginnings to its current manifestation across the planet. As Winston Churchill said:

“How dreadful are the curses which Mohammedanism lays on its votaries! Besides the fanatical frenzy, which is as dangerous in a man as hydrophobia in a dog, there is this fearful fatalistic apathy. The effects are apparent in many countries. Improvident habits, slovenly systems of agriculture, sluggish methods of commerce, and insecurity of property exist wherever the followers of the Prophet rule or live. A degraded sensualism deprives this life of its grace and refinement; the next of its dignity and sanctity.”

The governments of Europe and the rest of the civilised world need to find the courage to declare Islam as an illegal fascist ideology. Pull down all Mosques and construct policies that support the purging of this religious/ideology from the land. If action is not taken now, everyone will increasingly live under the fear of terrorism and be subject to acts of terror that will have catastrophic consequences, as well as a future of blackness under Allah – as promised by British Muslims.

In short, the clear message needs to go out **“Islam is not welcome here!”**

Terror, barbarism, honour killings, child marriages, female mutilation, persecution, and fear driven by Islam must be exterminated. Islam can't be reformed. How can the Koran and its traditions be changed? It must be rejected and spewed out of all nations of the world who want peace and freedom to worship God.

Current followers of Islam need to recognise their nationality, race and culture is not intrinsically linked to Islam, although it has obviously had a massive influence on nations subsumed by its toxic ideology.

Nobody is born a Muslim

Everybody is born either as a man or a woman and each has been commanded by God to repent and believe in Jesus Christ, God's only begotten Son, as their saviour and Lord from sin and, through faith in Him, receive peace with God and eternal life.

The message of Jesus Christ is that a Muslim can be free from Islam and having to submit to its fascist ideology. It also raises the repentant one to heights not possible in Islam – do Muslims REALLY want to live as they have done for 1400 years – in poverty and degradation, with no hope of real progress, lack of real education and health provision?

Purging Europe from the ideology of Islam will take great courage and determination from national leaders. Ardent followers of Islam must be treated like followers of Nazi fascism during World War II – enemies of the state.

People from Islamic nations must be called to identify themselves by their race and not their religion. That way they can start to liberate their minds from its ideological stranglehold and live peaceably with their neighbours... they must remember that their ancestors were commanded to be Muslim by the sword, and not by choice, and must return to former freedoms, without the weight of a false god around their necks!

Is this intolerant? No. It is self-preservation of Western civilisation and the blood won freedoms and peace we have enjoyed for decades in the West. People of Islam and its ideology are at war with non-Muslims – we did not seek such a war. The ability to even debate tolerance is not tolerated in Islam.

Is this racism? No. Race has nothing to do with a follower of a religion or ideology. The weld of race and Islam as being one must be broken. The media and government must stop confusing the two. Race and Islam are not synonyms.

Is this persecution? No. It is the defence of freedom, democracy and the right to worship God, not enforced idolatry. If people want to follow Islam and its ideology, go live in an Islamic nation and 'enjoy' the bondage of its barbarity.

Is this extremist? No. Since when has wanting to defend my country from a physical and ideological enemy been extremism? Only when a government wants to allow the infiltration and surrender of a nation to a foreign ideology. That is called treason and our leaders need to be exposed as traitors. Most of Europe has already fallen to the lies of Islam, and their social condition is now dire... we must not let this happen in the UK. And part of the answer is for government to allow open free speech and criticism of Islam. Let Islam then attempt to excuse itself (which it can't). This matter is extremely serious. Let government and people beware, or they will soon be overtaken by a force they will fear and hate.
