Donald Trump was elected to be President in 2016 of the USA by a legitimate democratic process. The BREXIT vote to leave the EU was a legitimate result of a democratic process. That's the way things work in a democracy.

Yet for social liberalist it was the wrong result and they just can't accept it.

Donald Trump has every right to take whatever measure he sees fit to protect the American people.

See the first paragraph of the US Constitution:

"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America."

The US Constitution applies to the American people, obviously, and to protecting the interests of "America first". Not foreigners. Not those who hold a religion such as Islam that hates the values of freedom and democracy as stated in the US constitution, and wants to impose the intolerance of Sharia law, believing it is the best governance system and world view.

[ISIS has declared war on the USA](#) , and ISIS sympathisers and combatants have executed the command with the death and carnage of civilians across the USA, Europe and the rest of the world. Anyone who does not submit to Islam in the Middle East when they encounter ISIS is killed in a gruesome way or subjected to unspeakable atrocities. The record of followers of Islam across the world when they are in the majority is of complete intolerance of other religions or ideologies and a rejection of true freedom and true justice. Yet the social liberalist say they “love Muslims”. Very weird. Are they insane or strangely deluded?

Donald Trump is one of the very few national leaders that has made a stand against those who oppose and are at war with the traditional values of the West. So he should be welcomed to the UK for his stand.

It's high time that the Muslims examined themselves and admitted that their religion is completely incompatible with the freedoms they 'enjoy' to practice their own religion in the USA.

[Sign the petition to Welcome Donald Trump to the UK](#) – the American people voted for him to deliver this policy and that is what he is doing.
