

UK Parliament sides with Islam

When news came through of a terrorist attack in London I predicted the government would side with Islam. And so it did!

I further predicted that friends and family of the attacker would say he was friendly, nice, and wonderful. And so they did!

For a while some years ago we ran a column inviting Muslims to respond to a variety of comments and accusations. This they did – and ran true to Islamic form.

Time and time again, Islamic murderers who kill in the name of Allah, are claimed to have been friendly and normal. This has serious ramifications for all who side with Islam!

Firstly, it shows that Islamic terrorists come from those known as ‘moderates’.

Secondly, it shows that NO Muslim can be trusted.

Thirdly, each attack displays the same ‘ordinariness’.

Fourthly, though each killer is Islamic, governments insist their actions have nothing to do with Islam... shout ‘Allah is Greater’ and it makes no difference.

The battle cry is Islamic, from the Koran, but it still isn’t Islam!

Fifthly, no Christian has the right to befriend Muslims. We may be courteous, but when a

Christian stands by the side of 'moderate' Muslims they are actually standing by the side of Islam, a pagan, wicked, godless, murderous cult.

Not all Muslims murder, but their basis is the same and if even their friends and family say they were nice folks and friendly... how dare any Christian think they 'know' individual Muslims and claim they are 'not the same' as known terrorists???

God hated the pagan idolaters of the Old Testament and sent them to hell.

Kings were commanded to get rid of them, if not put them to death.

Yet modern Christians think they know better than God, and deliberately stand alongside Muslims, because they are 'nice'.

God help Christians who cannot see the point of what I am saying, for they stand in the way of a just solution... condemn Islam itself. Send all recent intake back to their own countries. Do not give citizenship. Do not give political freedoms. Do not even suggest Islam is worthy, when God says otherwise.

IT IS TIME TO STAND FIRM AS BELIEVERS AND AS CITIZENS. Put the blame for terror where it belongs – Islam and the Koran. Unless they ALL change, ALL Muslims must be treated with suspicion. Lives depend on it.

Readers think this is extreme? Then tell us so we can show them their error!

Within the next few weeks, Islam will again be sanitised by government.

Even though they know absolutely nothing about erroneous theology.
