The following has been republished from an email sent by [Christian Voice](#) . Praise God that at least some national leaders are standing firm! It is outrageous that Cameron places such emphasis on nations accepting sodomy, when he freely gives aid to countries that hate God and persecute Christians to death. He will be judged for it.

The bi-annual Commonwealth Heads of Government Meeting has ended in Perth, Western Australia, with calls to legalise homosexual acts being roundly ignored by the vast majority of countries. See our story [HERE](#) .

David Cameron told Andrew Marr on BBC1 (linked off our story) that he will try to use British foreign aid as a 'gay-rights' lever, but with sodomy being against the law in 21 out of 27 of Britain's current aid recipients he may be clutching at straws if the African nations stick together. And how will he fare tagging gay rights onto aid to Afghanistan, Gaza, Yemen and Pakistan?

We give God the glory that Commonwealth leaders stood firm. Please pray that they will continue and that God might use Christian Voice to encourage and inform them on this issue in future.

If you have not signed our [PETITION on this subject](#) , please do so. We thank God that an increasing number are rejecting the secularist world-view and standing with the African nations for Biblical sexual morality.

2 Peter 3:17 *Ye therefore, beloved, seeing ye know these things before, beware lest ye also, being led away with the error of the wicked, fall from your own steadfastness.*

Yours in the mighty name of Jesus.
